#Playday2019

Play Builds Children

The Playday 2019 theme aims to highlight the many ways in which play is beneficial to children and young people.

- * Play Builds Friendships - playing allows children to interact with others, develop relationships, deal with conflict, and learn respect and tolerance.
- * Play Builds Resilience - playing boosts children's confidence, creativity, problem-solving skills and perseverance, enabling them to cope with stress and challenges throughout life.
- * Play Builds Health and Well-being - being active through play helps children physically and emotionally, contributing to their health and happiness.
- * Play Builds Communities - playing allows children to learn about the world around them, make connections, and develop a sense of identity and belonging.
